

CONTINUITY OF OPERATIONS

EXERCISE OBJECTIVES AND EXERCISE EVALUATION GUIDES

February 19, 2015

PURPOSE

To develop standard exercise objectives and Exercise Evaluation Guides for both discussion-based and operations-based continuity exercises for Texas State Agencies.

AGENDA

- **Purpose**
- **State Continuity Guidance**
- **Goals**
- **Credits**
- **Participants**
- **Reference Materials**
- **Continuity Elements**
- **Continuity Objectives**
- **Exercise Evaluation Guides**
- **Example Objectives & Exercise Evaluation Guides**
 - **Discussion-Based Exercises**
 - **Operations-Based Exercises**

Texas Continuity Guidance

“Beginning as soon as practicable, but no later than Fiscal Year 2015, conduct an annual exercise of agency continuity plans and report completion to SORM. Schedule and post exercise information on preparingtexas.org. Exercises should be compliant with the Homeland Security Exercise and Evaluation Program (HSEEP) and should be sequential and progressive in terms of participants and objectives.”

- October 24, 2013

GOALS

- 1. Provide a foundation for state agency continuity coordinators in development of exercise objectives and Exercise Evaluation Guides (EEGs) for both discussion-based and operations-based continuity exercises.**
- 2. Understand how exercise objectives and EEGs are created.**
- 3. Know what references and resources are available to assist Continuity Coordinators in the development of exercise objectives and EEGs.**
- 4. Provide examples of exercise objectives and EEGs for both discussion-based and operations-based exercises.**

CREDITS

The products provided in this presentation were developed by COOP planners from Texas state and city entities who participated in a COOP Exercise Design Course led by a FEMA Mobile Training Team.

WORKSHOP PARTICIPANTS

- **Brooke Devereaux** (Comptroller of Public Accounts)
- **Kyle Harward** (Comptroller of Public Accounts)
- **Mary Diane Hausman** (Comptroller of Public Accounts)
- **David Featherston** (DARS)
- **Rachel Ramirez** (State Preservation Board)
- **Maureen Clement** (State Office of Risk Management)
- **Thuy Cao** (Texas Commission on Environmental Quality)
- **Rosemary McKnight** (TDEM)
- **Alexander Malamut** (TDEM)
- **Kevin Clement** (Texas Homeland Security)
- **Will O'Neill** (Texas School Safety Center)
- **Ginger Walker** (University of Houston)
- **Patrick Wanker** (Austin Energy)

CONTINUITY REFERENCE MATERIALS

- **FEMA Continuity Guidance Circular 1 (CGC 1)**
- **FEMA Continuity Guidance Circular 2 (CGC 2)**
- **IS 550 Exercise Design Course**
- **Continuity Exercise Design Course, Participant Guide, September 2013**
- **Continuity Exercise Design Course, Participant Workbook, September 2013**

RECOMMENDED APPLICATION

State Agency Continuity Coordinators are not required to use these examples in development of their agencies' continuity exercises.

These exercise objectives and EEGs are offered to state agency planners to assist in providing the “heavy lifting” in exercise planning. Planners should further tailor these products to their Continuity of Operations Plan and continuity exercise scenario.

CONTINUITY ELEMENTS

- **Delegations of Authority**
- **Devolution of Control and Direction**
- **Essential Functions**
- **Essential Records Management**
- **Continuity Communications**
- **Continuity Facility**
- **Human Resources**
- **Orders of Succession**
- **Reconstitution**
- **Test, Training, and Exercises**

***** TT&E is incorporated in each exercise objective and EEG**

Continuity Guidance Circular 1, Annex K

TEST, TRAINING AND EXERCISES

An organization's testing program should include and document:

- Annual testing of alert, notification, and activation procedures for continuity and devolution personnel and quarterly testing of such procedures for personnel at the organization's HQ**
- Annual testing of recovery strategies for essential records (both classified and unclassified), critical information systems (both classified and unclassified), services, and data**
- Annual testing of the capabilities for protecting essential records and information systems (both classified and unclassified) and for providing access to them from the continuity facilities**
- Annual testing of primary and backup infrastructure systems and services, such as power, water, and fuel, at continuity facilities**
- Annual testing and exercising of required physical security capabilities at continuity facilities**

Continuity Guidance Circular 1, Annex K

OBJECTIVES or CRITICAL TASKS

- Test alert, notification, and activation procedures for continuity and devolution personnel and procedures for personnel at the organization's HQ (**Communications**)
- Test recovery strategies for essential records (both classified and unclassified), critical information systems (both classified and unclassified), services, and data (**Essential Records**)
- Test capabilities for protecting essential records and information systems (both classified and unclassified) and for providing access to them from the continuity facilities (**Essential Records**)
- Test primary and backup infrastructure systems and services, such as power, water, and fuel, at continuity facilities (**Continuity Facilities**)
- Test required physical security capabilities at continuity facilities (**Continuity Facilities**)

Continuity Guidance Circular 1, Annex K

TEST, TRAINING AND EXERCISES

An organization's testing program should include:

- Quarterly testing of the internal and external interoperability and viability of communications equipment and systems**
- Annual exercise of the capabilities required to perform an organization's essential functions, as identified in the BPA**
- Annual testing of telework capabilities, to include IT infrastructure, required to support telework options during a continuity event**
- Annual exercise of internal and external interdependencies identified in the organization's continuity plan, with respect to performance of an organization's and other organizations' essential functions**

EXERCISE OBJECTIVES

CONTINUITY EXERCISE OBJECTIVES

DEFINITION

Continuity Exercise Objectives are the distinct outcomes that an organization wishes to achieve during an exercise.

- **After the continuity plan is assessed and the scope of the continuity exercise is defined, planners can identify continuity objectives**
- **Exercise planners should select a reasonable number of specific, measurable, achievable, relevant, and time-bound (SMART) exercise objectives to facilitate effective scenario design, exercise conduct, and evaluation**

EXERCISE OBJECTIVES

S-M-A-R-T OBJECTIVES

S - Specific

(Who, What, When, and Why)

M - Measurable

(Quantity or Quality of actions or outcomes)

A - Achievable

(Within the control, influence and resources of exercise play and participant actions)

R - Relevant

(Does it Make Sense? Does it follow capabilities based planning?)

T - Time

(Time Bound, Task Oriented)

EXERCISE OBJECTIVES

EXAMPLE

Time

What

Within one hour of notification of the continuity incident, **all ERG members** assemble with personal Drive Away kits in the agency's **designated staging area**, prepared to deploy to its alternate site.

Who

Where

EXERCISE OBJECTIVES

DISCUSSION-BASED EXERCISES

Discussion-based exercises typically highlight existing plans, policies, mutual aid agreements, and procedures, and can be used as tools to familiarize agencies and personnel with current or expected capabilities.

Discussion-based exercises include:

- **Seminars**
- **Workshops**
- **Games**
- **Tabletop Exercises**

EXERCISE OBJECTIVES

VERBS FOR DISCUSSION-BASED EXERCISES

- Appraise
- Analyze
- Assess
- Calculate
- Choose
- Compare
- Contrast
- Critique
- Describe
- Design
- Discuss
- Distinguish
- Establish
- Estimate
- Examine
- Explain
- Formulate
- Hypothesize
- Identify
- Interpret
- Justify
- List
- Organize
- Prescribe
- Prioritize
- Propose
- Rank
- Rate
- Relate
- Recall
- Review
- Role play
- Theorize

EXERCISE OBJECTIVES

OPERATIONS-BASED EXERCISES

Operations-based exercises are characterized by actual response, mobilization of apparatus and resources, and commitment of personnel, usually held over an extended period of time.

Operations-based exercises can be used to validate plans, policies, agreements, and procedures and include drills, functional exercises, and full-scale exercises. They can clarify roles and responsibilities, identify gaps in resources needed to implement plans and procedures, and improve individual and team performance.

Operations-based exercises include:

- **Drills**
- **Functional Exercises**
- **Full Scale Exercises**

EXERCISE OBJECTIVES

VERBS FOR OPERATIONS-BASED EXERCISES

- **Access**
- **Administer**
- **Apply**
- **Conduct**
- **Construct**
- **Demonstrate**
- **Deploy**
- **Develop**
- **Employ**
- **Evaluate**
- **Inspect**
- **Inventory**
- **Notify**
- **Operate**
- **Perform**
- **Report**
- **Test**
- **Validate**

EXERCISE EVALUATION GUIDES (EEGs)

EXERCISE EVALUTION GUIDES

PURPOSE

Continuity Exercise Evaluation Guides (EEGs) are designed to accomplish several goals:

- **Streamline data collection**
- **Enable thorough assessments of the organization's continuity plan**
- **Help organization's map results to exercise objectives, continuity elements, and critical tasks for further analysis**

EXERCISE EVALUTION GUIDES

DEFINITIONS

Continuity Capability Targets:

- **The performance thresholds for each continuity capability; they state the exact amount of capability that players aim to achieve**

Critical Tasks:

- **The distinct elements required to perform a continuity capability; they describe how the capability target will be met**

EXERCISE EVALUATION GUIDES

Given an Exercise Evaluation Guide Format, perform the following:

- **Insert the appropriate Exercise Objective you developed for that Continuity Element**
- **Insert the description of the Continuity Element**
 - **Continuity Guidance Circular 1; or**
 - **Appendix C, page C-2 “Ten Elements of a Viable Continuity Capability,” Continuity Exercise Design Course Participant Guide, September 2013**
- **Identify the appropriate reference in CGC 1 (Annex) and agency Continuity of Operations Plan**
- **Using the appropriate Annex from CGC 1, develop Capability Targets and Critical Tasks**

EVALUATION OF EEGs

DISCUSSION-BASED EXERCISE

- **Does the EEG use the correct verbs for discussion-based exercises?**
- **Do the Critical Tasks and Capability Targets cover the key points for that Continuity Element as listed in the appropriate annex of CGC 1?**
- **Do the Critical Tasks support the Continuity Capability Target?**
- **Does the EEG include any training or testing requirements for that Continuity Element as derived from CGC 1, Annex K (TT&E)?**

EVALUATION OF EEGs

OPERATIONS-BASED EXERCISE

- **Does the EEG use the correct verbs for operations-based exercises?**
- **Do the Critical Tasks and Capability Targets cover the key points for that Continuity Element as listed in the appropriate annex of CGC 1?**
- **Do the Critical Tasks support the Continuity Capability Target?**
- **Does the EEG include training or testing requirements for that Continuity Element as derived from CGC 1, Annex K (TT&E)?**

Examples of Discussion-Based Exercise Objectives

EXERCISE OBJECTIVES

DISCUSSION-BASED EXERCISES

Continuity Communications

- **Assess primary and back-up voice, video and data communications systems needed by ERG and leadership to perform Mission Essential Functions within Recovery Time Objective (RTO)**

Essential Functions

- **Assess the needs and ability of the ERG to implement Mission Essential Functions at the alternate facility within Recovery Time Objectives**

Essential Records

- **Assess the ability of the Emergency Relocation Group (ERG) to access essential records from alternate facility within RTO**

EXERCISE OBJECTIVES

DISCUSSION-BASED EXERCISES

Continuity Facilities

- Review and assess procedures used by the ERG team to access the alternate facility and establish site operability within ___ hours of arrival

Orders of Succession

- Discuss procedures to notify and transfer responsibilities of executive leadership to designated successor within _____ hours of COOP incident

Delegations of Authority

- Discuss the process for delegation of authority by Executive Staff to pre-designated personnel within ___ hours of notification of a continuity incident in order to ensure the orderly and pre-defined transition of leadership responsibilities within the organization

EXERCISE OBJECTIVES

DISCUSSION-BASED EXERCISES

Human Resources

- **Assess procedures used by Human Resources to provide information and services to employees and family members within __ hours of activation**

Devolution

- **Assess resource requirements and availability necessary to facilitate the immediate and seamless transfer of essential functions to the devolution site**

Reconstitution

- **Examine the Reconstitution Team's ability to discuss a time-phased plan, listing functions and projects in order of priority, for resuming normal operations based on their Continuity Plan during a continuity incident**

EXERCISE OBJECTIVES

DISCUSSION-BASED EXERCISES

Telework

- **Assess the agency's ability to telework as a primary or backup continuity strategy to perform essential functions and supporting tasks (CGC 1, p. G-4, 2)**

Examples of Discussion-Based Exercise Evaluation Guides

EXERCISE EVALUATION GUIDES

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

DEVOLUTION OF CONTROL AND DIRECTION

Exercise Objective:	Assess the agency's ability to effectively transfer roles and responsibilities for conduct of its essential functions to an alternate organization(s). <i>(CGC1, K-2, 15 & L-2, 3-6)</i>	
Continuity Element:	The transition of roles and responsibilities for performance of essential functions through pre-authorized delegation of authority and responsibility. The authorities are delegated from an organization's primary staff to other employees internal or external to the organization in order to sustain essential functions for an extended period.	
Continuity Capability Target 1:	Discuss how and when direction and control of agency operations will be transferred to and from the devolution site. <i>(CGC1, L-2, 6)</i>	
Critical Task:	Identify what events and/or conditions would likely trigger the devolution option. <i>(CGC1, L-2, 5)</i>	
Critical Task:	List necessary resources, such as equipment and materials to facilitate the performance of essential functions at the devolution site. <i>(CGC1, L-2, 7)</i>	
Critical Task:	Review processes and procedures for acquiring resources necessary to continue essential functions and to sustain those operations for extended periods. <i>(CGC1, L-2, 8)</i>	
Critical Task:	Discuss procedures to transition responsibilities to personnel at the primary operating facility upon termination of devolution. <i>(CGC1, L-2, 9)</i>	
Source(s):	Annex L (Devolution of Control and Direction) to CGC 1, July 2013 and Agency Continuity of Operations Plan	
Observation Notes:		Target rating:

EXERCISE EVALUATION GUIDES

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

RECONSTITUTION OPERATIONS

Exercise Objective:	Examine the Reconstitution Team’s ability to discuss a time-phased plan, listing functions and projects in order or priority, for resuming normal operations based on their COOP plan during a continuity incident. (CGC1, K-2, 15)	
Continuity Element:	The process by which surviving and/or replacement organization personnel resume normal operations from the original or replacement primary operating facility.	
Continuity Capability Target 1:	The Reconstitution Team will discuss the development of a time-phased plan, to resume normal operations within [time] hours of a continuity incident. (CGC1, M-1, 1b)	
Critical Task:	Discuss how a meeting would be convened with Reconstitution Team members. (CGC1, M-1, 1d)	
Critical Task:	Discuss how to conduct a damage assessment. (CGC1, M-1, 1a)	
Critical Task:	Discuss the implementation of MOUs with organizations that assist in acquiring new office space, furniture, and IT equipment. (CGC1, M-1, 1e and Agency COOP Plan)	
Critical Task:	Discuss procedures to be used in contracting for facility repairs and purchase of new furniture and equipment. (CGC1, M-1, 1c & 1e)	
Source(s):	Annex M (Reconstitution Operations) to Continuity Guidance Circular 1, July 2013 and Agency Continuity of Operations Plan	
Observation Notes:		Target rating:

EXERCISE EVALUATION GUIDES

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

ESSENTIAL FUNCTIONS

Exercise Objective:	Assess the needs and ability of the ERG to implement mission essential functions at the alternate facility within ___ hours of the continuity incident. (CGI, D1, 5)	
Continuity Element:	A subset of government functions that are determined to be critical activities. Those functions an organization must continue in a continuity situation, whether the functions are STTEFs, MEFs or Essential Supporting Functions. (CGI, D1)	
Continuity Capability Target 1:	Discuss actions required of the ERG to perform Mission Essential Functions within ___ hours of the continuity incident. (CGI, D1, 5)	
Critical Task:	Discuss ERG team procedures and resources required to conduct MEFs. (CGI, D1, 3a)	
Critical Task:	Analyze scalable response to continuity incidents. (Agency COOP Plan)	
Critical Task:	Review and prioritize Mission Essential Functions. (CGI, D1, 1)	
Critical Task:	Discuss cross-training of ERG members to ensure performance of MEFs during personnel shortages. (CGI, D2, 8)	
Source(s):	Annex D (Essential Functions) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

ESSENTIAL FUNCTIONS

Exercise Objective:	Assess the ERG's needs and ability to perform agency essential functions at the alternate facility within __ hours of notification of the continuity incident. (CGCI, D1, 5)
Continuity Element:	Essential Functions are a subset of government functions that are determined to be critical activities. Those functions an organization must continue in a continuity situation, whether the functions are STTEFs, MEFs or Essential Supporting Functions. (CGCI, D1)
Continuity Capability Target 2:	Analyze ERG capabilities required to perform the agency's essential functions. (CGC1, D-1, 5)
Critical Task:	Review agency alert, notification, and activation procedures for continuity and devolution personnel and personnel at agency headquarters. (Agency COOP Plan)
Critical Task:	Assess the required contents of ERG members' personal drive-away kits as listed in the agency's continuity of operations plan requirements. (Agency COOP Plan)
Critical Task:	Assess the required contents of section drive-away kits as listed in the agency's continuity of operations plan requirements. (Agency COOP Plan)
Critical Task:	Review plans and resource requirements to conduct the deliberate and pre-planned movement of ERG personnel, equipment and essential records to an alternate site. (CGC1, K-3, 22a)
Source(s):	Annex D (Essential Functions) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		
ESSENTIAL RECORDS MANAGEMENT		
Exercise Objective:	Assess the ability of the ERG to protect, transport, and access essential records from an alternate facility within the Recovery Time Objectives. <i>(CGC1, K-2, 7 & I-2, 3,9&10)</i>	
Continuity Element:	Management of information systems and applications, electronic and hard copy documents, references and records needed to support essential functions during a continuity incident.	
Continuity Capability Target 1:	ERG will review procedures to retrieve and access essential records. <i>(CGC1, I-2, 7&9)</i>	
Critical Task:	Discuss how to conduct a damage assessment of essential records. <i>(Agency COOP Plan)</i>	
Critical Task:	Review inventory procedures: archive data versus current data. <i>(CGC1, I-2, 4)</i>	
Critical Task:	Review physical security and information security procedures and access controls for essential records. <i>(CGC1, I-2, 7&9)</i>	
Critical Task:	Discuss logistics required to retrieve and transport essential records <i>(Agency COOP Plan)</i>	
Source(s):	Annex I (Essential Records Management) to CGC 1, July 2013 and Agency Continuity of Operations Plan	
Observation Notes:		Target rating:

EXERCISE EVALUATION GUIDES

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

ORDERS OF SUCCESSION

Exercise Objective:	Discuss agency procedures to notify and transfer responsibilities of executive leadership to designated successor(s) within __ hours of a continuity incident. <i>(CGC1,K-2,16 & CGC1E-1,1)</i>	
Continuity Element:	A formal, sequential listing of organization positions (other than specific names of individuals) that identify who is authorized to assume a particular leadership or management role under specific circumstances.	
Continuity Capability Target 1:	Review notification protocols and methods to ensure smooth transition of responsibilities to successor within __ hours of notification. <i>(CGC1, E-1, 1)</i>	
Critical Task:	Discuss communications methods for notifying successor and review contact information to ensure accuracy. <i>(Agency COOP Plan)</i>	
Critical Task:	Review protocols for assumption of leadership positions. <i>(Agency COOP Plan)</i>	
Critical Task:	Identify triggers for invoking orders of succession. <i>(Agency COOP Plan)</i>	
Critical Task:	List parties that need to be notified and the appropriate notification method for each. <i>(CGC1, E-2,9)</i>	
Source(s):	Annex E (Orders of Succession) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan	
Observation Notes:		Target rating: 39

DISCUSSION-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

DELEGATIONS OF AUTHORITY

Exercise Objective:	<p>Discuss the process for delegation of authority by Executive Staff to pre-designated personnel within ___ hours of notification of a continuity incident in order to ensure the orderly and pre-defined transition of leadership responsibilities within the organization. <i>(CGC1, K-3, 19 & F-1, 1)</i></p>	
Continuity Element:	<p>Identification by position of the authorities for making policy determinations and decisions at HQ, regional and field levels, and all other organizational locations.</p>	
Continuity Capability Target 1:	<p>Assess protocols to enact delegations of authority by pre-designated personnel. <i>(CGC1, F-1, 1A)</i></p>	
Critical Task:	<p>Review rules and procedures leadership must follow for delegation of authority. <i>(CGC1, F-1, 1C)</i></p>	
Critical Task:	<p>Review limits of delegation of authority and accountability. <i>(CGC1, F-1, 1B)</i></p>	
Critical Task:	<p>Discuss necessary training for assumed duties. <i>(CGC1, F-2, 2)</i></p>	
Source(s):	<p>Annex F (Delegation of Authority) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan</p>

CONTINUITY FACILITIES

Exercise Objective:	Review and assess procedures used by the ERG to access the alternate facility and establish site operability within __ hours of arrival. <i>(CGC1, K-2, 8-9 & G-2, 2)</i>
Continuity Element:	Refers both to continuity and devolution sites where essential functions are continued or resumed during a continuity incident. These sites refer not only to other facilities and locations but also work arrangements such as telework and mobile work concepts.
Continuity Capability Target 1:	Assess existing physical and information security requirements of ERG, support staff, contractors and vendors necessary to gain access and work in the alternate facility. <i>(CGC1, K-2, 8-9 & G-3, 10)</i>
Critical Task:	Discuss security procedures for ERG, support staff, contractors and vendors to access the alternate facility, to include orientation, in-processing, and reception of the ERG. <i>(CGC1, G-3, 8)</i>
Critical Task:	Analyze physical security procedures of the ERG and alternate facility to provide perimeter, access, and internal security against all threats identified in the facility's risk assessment and physical security surveys. <i>(CGC1, G-4, 10K)</i>
Critical Task:	Analyze information security procedures of the ERG and alternate facility to provide security against cyber and human-caused threats identified in the facility's risk assessment and physical security surveys. <i>(CGC1, G-3, 10-C)</i>
Critical Task:	Review the MOA/MOU with the alternate facility to ensure that physical and information security considerations are adequately addressed. <i>(CGC1, G-3, 7)</i>
Source(s):	Annex G (Continuity Facilities) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

CONTINUITY FACILITIES

Exercise Objective:	Review and assess procedures used by the ERG to access the alternate facility and establish site operability within ___ hours of arrival. (CGC1, K-2, 8-9 & G-2, 2)
Continuity Element:	Refers both to continuity and devolution sites where essential functions are continued or resumed during a continuity incident. These sites refer not only to other facilities and locations but also work arrangements such as telework and mobile work concepts.
Continuity Capability Target 2:	The ERG Team will establish site operability to perform Essential Functions within ___ hours of arrival at the continuity facility. (CGC1, K-1, 8 & G-3, 10E)
Critical Task:	Examine the availability of essential support services such as food, water, fuel, medical facilities, housing and municipal services to ensure the health, safety, and security of ERG members. (CGC1, G-3, 10G)
Critical Task:	Compare emergency/back-up power requirements to on-site capabilities so that essential functions and operations can continue in the event that the primary source of power is disrupted. (CGC1, G-4, 10H)
Critical Task:	Assess on-site availability of computers, software, and other automated data processing equipment necessary to carry out essential functions and ensure information systems are up-to-date with latest software and system updates. (CGC1, G-3, 10C)
Critical Task:	Review pre-positioning of critical supplies and equipment in order to achieve full operational capability and maintain this capability for up to 30 days or until normal operations can resume. (CGC1, G-3, 5)

CONTINUITY COMMUNICATIONS		
Exercise Objective:	Assess primary and back-up voice, video and data communications systems needed by ERG and agency leadership to perform Mission Essential Functions within RTOs. <i>(CGC1, K-2, 8&10 & H-1, 7)</i>	
Continuity Element:	Voice, video and data capabilities that enable the leadership and staff to conduct the Mission Essential Functions of their organization.	
Continuity Capability Target 1:	Review continuity notification systems capabilities. <i>(CGC1, H-1, 5)</i>	
Critical Task:	Review notification procedures. <i>(Agency COOP Plan)</i>	
Critical Task:	Discuss redundant notification systems capabilities. <i>(CGC1, H-1, 2&5)</i>	
Critical Task:	Review the message approval process. <i>(Agency COOP Plan)</i>

CONTINUITY COMMUNICATIONS

Exercise Objective:	Assess primary and back-up voice, video and data communications systems needed by ERG and agency leadership to perform Mission Essential Functions within RTOs. <i>(CGC1, K-2, 8&10 & H-1, 7)</i>
Continuity Element:	Voice, video and data capabilities that enable the leadership and staff to conduct the Mission Essential Functions of their organization.
Continuity Capability Target 2:	Assess the alternate facility's communications capabilities needed to support performance of Mission Essential Functions. <i>(CGC1, H-1, 7)</i>
Critical Task:	Compare agency's communications support needs to systems and assets available at continuity facility (including devolution site). <i>(CGC1, H-1, 1&4)</i>
Critical Task:	Discuss the availability of support communications in transit to the continuity facility. <i>(CGC1, H-1, 3)</i>
Critical Task:	Assess the availability of back-up communications systems and assets. <i>(CGC1, H-1, 5)</i>
Critical Task:	Review MOU/MOA to ensure access to alternate facility's communications assets and systems. <i>(CGC1, H-1, 6)</i>

HUMAN RESOURCES

Exercise Objective:	Assess procedures used by Human Resources to provide information and services to employees and family members within __ hours of activation. (CGC1, K-2, 15 & J-3, 14)	
Continuity Element:	During a continuity incident, emergency employees and other special categories of employees will be activated by an agency to perform assigned response duties. Organizations are also responsible for supporting employees who are not designated as ERG personnel but who may also be affected by a continuity activation.	
Continuity Capability Target 1:	Assess capabilities and procedures to provide personnel services. (CGC1, J-2, 7)	
Critical Task:	Review likely personnel issues and general plans for response. (Agency COOP Plan)	
Critical Task:	Assess internal and external service needs. (Agency COOP Plan)	
Critical Task:	Discuss plan to ensure compliance with regulations and Standard Operating Procedures regarding Workers' Compensation and other HR issues. (Agency COOP Plan)	
Critical Task:	Review emergency time, pay and leave benefits procedures. (CGC1, J-3, 12)

Exercise Date: TBD		

TELEWORK

Exercise Objective:	Assess the agency’s ability to telework as a primary or backup strategy to perform essential functions and supporting tasks. <i>(CGC 1, p. G-4, 2)</i>
Continuity Element:	A work flexibility arrangement under which employees perform the duties and responsibilities of their positions, and other authorized activities, from approved worksites other than the locations from which they would otherwise work.
Continuity Capability Target 1:	Review use of communications systems required in support of the telework plan.
Critical Task:	Review alert, notification and activation systems and procedures. <i>(Agency COOP Plan)</i>
Critical Task:	Review communications systems and procedures used to attain accountability of all agency personnel. <i>(Agency COOP Plan)</i>
Critical Task:	Discuss use of Virtual Private Network to access essential records. <i>(Agency COOP Plan)</i>
Critical Task:	Review use of agency specific communications (e.g. Microsoft Lync, chat boards and Cisco Softphones to support telework). <i>(Agency COOP Plan)</i>
Source(s):	Annex G (Continuity Facilities) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

Example of Operations-Based Exercise Objectives

EXERCISE OBJECTIVES

OPERATIONS-BASED EXERCISES

Continuity Communications

- **Test the use of primary and backup voice, video, and data communications systems, required by the ERG and leadership to perform its Mission Essential Functions from an alternate facility within Recovery Time Objectives**

Essential Functions

- **Test the ability of the Emergency Relocation Group to perform the agency's Essential Functions from an alternate facility within Recovery Time Objectives**

Essential Records

- **Test the ability of the ERG to access essential records from an alternate facility within Recovery Time Objectives**

EXERCISE OBJECTIVES

OPERATIONS-BASED EXERCISES

Continuity Facilities

- Test procedures used by the Emergency Relocation Group to access alternate facility(ies) and establish site operability within ___ hours of arrival

Orders of Succession

- Test agency procedures to notify and transfer responsibilities of executive leader(s) to designated successor(s) within ___ hours of a continuity incident

Delegations of Authority

- Demonstrate the process for delegation of authority by Executive Staff to pre-designated personnel within ___ hours of notification of a continuity incident in order to ensure the orderly and pre-defined transition of leadership responsibilities within the organization

EXERCISE OBJECTIVES

OPERATIONS-BASED EXERCISES

Human Resources

- Test procedures used by Human Resources to provide information and services to employees and family within ___ hours of a continuity incident

Devolution of Control and Direction

- Demonstrate agency procedures to transition roles and responsibilities to a pre-determined alternate agency in order to perform essential functions within Recovery Time Objectives

Reconstitution

- Evaluate the Reconstitution Team's ability to organize and outline a time-phased plan, listing functions and projects in order of priority, to resume normal operations based on their Continuity Plan during a continuity incident

EXERCISE OBJECTIVES

OPERATIONS-BASED EXERCISES

Test, Training, and Exercise

- **TT&E objectives are integrated into the other Continuity Elements**

Telework

- **Test telework capabilities, to include IT infrastructure, required to support telework options in order to perform mission essential and supporting functions within Recovery Time Objectives during a continuity incident (CGC 1, K-2, 11)**

Example of Operations-Based Exercise Evaluation Guides

EXERCISE EVALUATION GUIDES

OPERATIONS-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

RECONSTITUTION OPERATIONS

Exercise Objective:	Evaluate the Reconstitution Team's ability to discuss a time-phased plan, listing functions and projects in order or priority, for resuming normal operations based on their COOP plan during a continuity incident. <i>(CGC1, K-2, 15b) (CGC1, M-1, 1)</i>	
Continuity Element:	The process by which surviving and/or replacement organization personnel resume normal operations from the original or replacement primary operating facility.	
Continuity Capability Target 1:	The Reconstitution Team will develop a time-phased plan, to resume normal operations within ____ hours/days of a continuity incident. <i>(CGC1, M-1, 1b)</i>	
Critical Task:	Conduct a Reconstitution Team planning meeting to frame the Reconstitution Plan. <i>(CGC1, M-1, 1d)</i>	
Critical Task:	Demonstrate conduct of a damage assessment. <i>(CGC1, M-1, 1a)</i>	
Critical Task:	Demonstrate procedures to enact MOUs with organizations to acquire new office space, furniture, and IT equipment. <i>(CGC1, M-1, 1e) (Agency COOP Plan)</i>	
Critical Task:	Demonstrate procedures to be used in contracting for facility repairs and purchase of new furniture and equipment. <i>(CGC1, M-1, 1c & 1e)</i>	
Source(s):	Annex M (Reconstitution Operations) to Continuity Guidance Circular 1, July 2013 and Agency Continuity of Operations Plan

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

ESSENTIAL FUNCTIONS

Exercise Objective:	Test the ability of the Emergency Relocation Group to perform the agency's Essential Functions from an alternate facility within Recovery Time Objectives. (CGC1, D1, 5)
Continuity Element:	Essential Functions are a subset of government functions that are determined to be critical activities. Those functions an organization must continue in a continuity situation, whether the functions are STTEFs, MEFs or Essential Supporting Functions.
Continuity Capability Target 1:	Test the capabilities required to perform the agency's essential functions. <i>(CGC 1, K-2, 11 and CGC 1, K-3 22)</i>
Critical Task:	Test agency alert, notification, and activation procedures for continuity and devolution personnel and personnel at agency headquarters. (CGC 1, K-1, 5)
Critical Task:	Inspect the personal drive-away kits of the ERG for completeness in accordance with the agency's continuity of operations plan requirements. (Agency Coop Plan)
Critical Task:	Inspect section drive-away kits of the ERG for completeness in accordance with the agency's continuity of operations plan requirements. (Agency Coop Plan)
Critical Task:	Demonstrate the ability to conduct the deliberate and pre-planned movement of ERG personnel, equipment and essential records to an alternate site. (CGC1, K-3, 22a)
Critical Task:	Demonstrate the ability of the ERG to perform essential functions outside their normal expertise and scope of work as a result of cross-training. (CGI-D2, 8)
Source(s):	Annex D (Essential Functions) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

OPERATIONS-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

ESSENTIAL RECORDS MANAGEMENT

Exercise Objective:	Test the ability of the ERG to protect, transport to, and access essential records from an alternate facility within the Recovery Time Objectives. <i>(CGC1, K-2, 7 & I-2, 3,9&10)</i>
Continuity Element:	Management of information systems and applications, electronic and hard copy documents, references and records needed to support essential functions during a continuity incident.
Continuity Capability Target 1:	Test the ERG's ability to retrieve essential records and access them from a continuity facility. <i>(CGC1, I-2, 3)</i>
Critical Task:	Test recovery strategies for essential records (both classified and unclassified), critical information systems (both classified and unclassified) and for providing access to them from the continuity facilities. <i>(Agency COOP Plan)</i>
Critical Task:	Test capabilities for protecting essential records and information systems (both classified and unclassified) and for providing access to them from the continuity facility). <i>(CGC1, I-1, 6)</i>
Critical Task:	Review physical security and information security procedures and access controls for essential records. <i>(CGC1, I-2, 7&9)</i>
Critical Task:	Demonstrate ERG's access to essential records (both classified and unclassified from the alternate facility. Document this through conduct of an inventory. <i>(CGC1, I-2, 3)</i>
Source(s):	Annex I (Essential Records Management) to CGC 1, July 2013 and Agency Continuity of Operations Plan

Exercise Date: TBD		

ORDERS OF SUCCESSION

Exercise Objective:	Test agency procedures to notify and transfer responsibilities of executive leadership to designated successor(s) within ___ hours of a continuity incident. (CGC1, K-2, 16 & E-1, 1)
Continuity Element:	A formal, sequential listing of organization positions (other than specific names of individuals) that identify who is authorized to assume a particular leadership or management role under specific circumstances.
Continuity Capability Target 1:	Demonstrate notification protocols and methods to ensure smooth transition of responsibilities to successor within ___ hours of notification. (CGC1, E-1, 1)
Critical Task:	Test communications to notify successor(s) of the vacancy in executive leadership. (Agency COOP Plan)
Critical Task:	Implement agency protocols for assumption of leadership positions. (Agency COOP Plan)
Critical Task:	Inventory essential records at continuity facilities to verify inclusion of current orders of succession for key organization leadership positions. (CGC-1, pg. E-2, #8)
Critical Task:	Demonstrate procedures to notify supporting and supported organizations (to include the State Operations Center), agency employees, contractors and vendors of the transfer of authority from the agency's Executive Director to designated successor(s). (Agency COOP Plan)
Source(s):	Annex E (Orders of Succession) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

OPERATIONS-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

DELEGATIONS OF AUTHORITY

Exercise Objective:	Demonstrate the process for delegation of authority by Executive Staff to pre-designated personnel within ___ hours of notification of a continuity incident in order to ensure the orderly and pre-defined transition of leadership responsibilities within the organization. (CGC1, K-3, 8 & F-1, 1)
Continuity Element:	Identification by position of the authorities for making policy determinations and decisions at HQ, regional and field levels, and all other organizational locations.
Continuity Capability Target 1:	Implement delegation(s) of authority in accordance with organization’s continuity plan. (CGC1, F-1, 1A)
Critical Task:	Notify individuals to whom authority is delegated, and to subsequently communicate this information to employees, vendors and contractors at all agency locations. (CGC1, F-1, 1C)
Critical Task:	Test the ability of the individual to whom authority is delegated to perform duties as specified. (CGC1, F-1, 1B)
Critical Task:	Inventory essential records at the continuity facility to ensure inclusion of current delegations of authority. (CGC-1, pg. F-2, 2)
Source(s):	Annex F (Delegation of Authority) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

OPERATIONS-BASED EXERCISE

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		

CONTINUITY FACILITIES

Exercise Objective:	Test procedures used by the ERG to access the alternate facility and establish site operability within ___ hours of arrival. (CGC1, K-2, 8-9 & G-2, 2)
Continuity Element:	Refers both to continuity and devolution sites where essential functions are continued or resumed during a continuity incident. These sites refer not only to other facilities and locations but also work arrangements such as telework and mobile work concepts.
Continuity Capability Target 1:	Test physical security capabilities and procedures at continuity facility(ies). (CGC1, K-9, G-3, 8)
Critical Task:	In accordance with security procedures, conduct initial orientation, in-processing, and reception of ERG, support staff, contractors and vendors required to perform Essential Functions within Recovery Time Objectives. (CGC1, G-3, 8)
Critical Task:	Establish perimeter, access, and internal security against all threats identified in the facility's risk assessment and physical security surveys. (CGC1, G-4, 10K)
Critical Task:	Enact information security procedures of the ERG and alternate facility to provide security against cyber and human-caused threats identified in the facility's risk assessment and physical security surveys. (CGC1, G-3, 10C)
Critical Task:	Review the MOA/MOU with the alternate facility to ensure that physical and information security considerations are adequately addressed. (CGC1, G-3, 7)
Source(s):	Annex G (Continuity Facilities) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

CONTINUITY FACILITIES

Exercise Objective:	Test procedures used by the ERG to access the alternate facility and establish site operability within ___ hours of arrival. <i>(CGC1, K-2, 8-9 & G-2, 2)</i>	
Continuity Element:	Refers both to continuity and devolution sites where essential functions are continued or resumed during a continuity incident. These sites refer not only to other facilities and locations but also work arrangements such as telework and mobile work concepts.	
Continuity Capability Target 2:	The ERG Team will establish site operability to perform Essential Functions within ___ hours of arrival at the continuity facility. <i>(CGC1, K-1, 8 & G-3, 8E)</i>	
Critical Task:	Validate on-site access to computers, software, and other automated data processing equipment necessary to carry out essential functions. Test information systems to ensure they are up-to-date with latest software and system updates. <i>(CGC1, G-3, 10C)</i>	
Critical Task:	Inventory pre-positioned critical supplies and equipment needed to achieve full operational capability and maintain this capability for up to 30 days or until normal operations can resume. <i>(CGC1, G-3, 5)</i>	
Critical Task:	Test primary and back-up infrastructure systems and services, such as power, water, and fuel at the continuity facility(ies), including devolution sites. <i>(CGC1, G-4, 10 G&H)</i>	
Critical Task:	Demonstrate access to essential support services such as food, water, fuel, medical facilities, housing, and municipal services to ensure the health, safety, and security of ERG members. <i>(CGC1, G-3, 10G)</i>	
Source(s):	Annex G (Continuity Facilities) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

Exercise Date: TBD		
CONTINUITY COMMUNICATIONS		
Exercise Objective:	Test voice, video and data communications systems required by the ERG and agency leadership to perform Essential Functions from an alternate facility within RTOs. <i>(CGC1, K-2, 8&10 & H-1, 7)</i>	
Continuity Element:	Voice, video and data capabilities that enable the leadership and staff to conduct the Mission Essential Functions of their organization.	
Continuity Capability Target 1:	Activate continuity notification systems to support communication to all staff of a continuity activation in support Essential Functions from the alternate facility (or devolution site) within ___ hours following incident impact. <i>(CGC1, H-1, 1,2&4)</i>	
Critical Task:	Validate notification procedures, including demonstrating the message approval process. <i>(Agency COOP Plan)</i>	
Critical Task:	Test redundant notification system capabilities. <i>(CGC1, H-1, 2,4&6)</i>	
Critical Task:	Verify notification receipt and time received by staff. <i>(Agency COOP Plan)</i>	
Source(s):	Annex H (Continuity Communications) to Continuity Guidance Circular 1, July 2013 and Agency Continuity of Operations Plan

CONTINUITY COMMUNICATIONS		
Exercise Objective:	Test voice, video and data communications systems required by the ERG and agency leadership to perform Essential Functions from an alternate facility within RTOs. <i>(CGC1, K-2, 8&10 & H-1, 7)</i>	
Continuity Element:	Voice, video and data capabilities that enable the leadership and staff to conduct the Mission Essential Functions of their organization.	
Continuity Capability Target 2:	Establish voice and data capabilities needed to support the performance of Essential Functions within ___ hours following arrival and for up to 30 days of continuous operations. <i>(CGC1, H-1, 6)</i>	
Critical Task:	Demonstrate the ability of staff to retrieve data. <i>(CGC1, H-1, 1, Agency COOP Plan)</i>	
Critical Task:	Test program staff verification of information systems support of Essential Functions and verify Information Technology's validation process. <i>(CGC1, H-1, 1& 6)</i>	
Critical Task:	Validate Recovery Time Objectives for system restoration. <i>(Agency COOP Plan & IT Disaster Recovery Plan)</i>

Exercise Date: TBD		

HUMAN RESOURCES

Exercise Objective:	Test procedures used by Human Resources to provide information and services to employees and family members within __ hours of a continuity activation. <i>(CGC1, K-2, 15 & J-3, 14)</i>
Continuity Element:	During a continuity incident, emergency employees and other special categories of employees will be activated by an agency to perform assigned response duties. Organizations are also responsible for supporting employees who are not designated as ERG personnel but who may also be affected by a continuity activation.
Continuity Capability Target 1:	Provide personnel services to agency employees and families in accordance with agency policies, procedures and Continuity of Operations Plan. <i>(CGC1, J-2, 7)</i>
Critical Task:	Contact and account for all staff personnel, including contractors. <i>(CGC1, J-2, 6)</i>
Critical Task:	Identify and alert replacement personnel and augmentees, as required. <i>(CGC1 N-3, 13)</i> Communicate the agency's operating status to all staff members. <i>(CGC1, J-2, 5)</i>
Critical Task:	Communicate guidance to non-ERG personnel to include how and to the extent which employees are expected to remain in contact with their agency during closure situations. <i>(CGC1, J-3, 9-10)</i>
Critical Task:	Test procedures to record employee time, conduct work scheduling, and provide pay, leave, and benefits, and communicate associated flexibilities. <i>(CGC1, J-3, 14)</i>

Exercise Name: TBD	Agency: To Be Determined	Venue: To Be Determined
Exercise Date: TBD		
DEVOLUTION OF CONTROL AND DIRECTION		
Exercise Objective:	Demonstrate the agency's ability to effectively transfer roles and responsibilities for conduct of its essential functions to an alternate organization(s). <i>(CGC1, K-2, 15 & L-2, 3-8)</i>	
Continuity Element:	The transition of roles and responsibilities for performance of essential functions through pre-authorized delegation of authority and responsibility. The authorities are delegated from an organization's primary staff to other employees internal or external to the organization in order to sustain essential functions for an extended period.	
Continuity Capability Target 1:	Exercise agency plan to transfer direction and control of agency operations to a pre-designated devolution site. <i>(CGC1, L-2, 6)</i>	
Critical Task:	Implement the agency's devolution option based on a pre-identified trigger (event and/or conditions). <i>(CGC1, L-2, 5)</i>	
Critical Task:	Inventory assets and resources, such as equipment and materials required to perform essential functions at the devolution site. <i>(CGC1, L-2, 7)</i>	
Critical Task:	Review processes and procedures for acquiring resources necessary to continue essential functions and to sustain those operations for extended periods. <i>(CGC1, L-2, 8)</i>	
Critical Task:	Exercise procedures to transition responsibilities to personnel at the primary operating facility upon termination of devolution. <i>(CGC1, L-2, 9)</i>	
Source(s):	Annex L (Devolution of Control and Direction) to CGC 1, July 2013 and Agency Continuity of Operations Plan

Exercise Date: TBD		
TELEWORK		
Exercise Objective:	Test the agency's ability to telework as a primary or backup strategy to perform essential functions and supporting tasks. <i>(CGC 1, p. G-4, 2)</i>	
Continuity Element:	A work flexibility arrangement under which employees perform the duties and responsibilities of their positions, and other authorized activities, from approved alternate worksites.	
Continuity Capability Target 1:	Test agency telework capabilities, to include IT infrastructure, required to conduct essential functions and supporting functions within 12 hours of notification of a continuity incident. <i>(CGC 1, K-2, 12)</i>	
Critical Task:	Demonstrate access by all agency personnel to essential records using Virtual Private Network (VPN.) <i>(Agency COOP Plan)</i>	
Critical Task:	Demonstrate use of softphone capability by agency personnel to report personnel status and monitor/participate in scheduled agency teleconference. <i>(Agency COOP Plan)</i>	
Critical Task:	Demonstrate use of agency-specific communications application (e.g., Microsoft Lync chat board) by agency personnel for work assignments and communications within their sections. <i>(Agency COOP Plan)</i>	
Source(s):	Annex G (Continuity Facilities) to Continuity Guidance Circular (CGC) 1, July 2013 and Agency Continuity of Operations Plan

DRILLS

EXERCISE OBJECTIVES

DRILLS

- **Conduct quarterly tests of the internal and external interoperability and viability of communications equipment and systems** (*CGC 1, K-2, 10*)
- **Conduct quarterly tests of alert, notification, and activation procedures for ERG, DERG, and headquarters personnel** (*CGC1, K-1, 5*)

SUMMARY

EEGs and Exercise Objectives will be further evaluated and edited by the EEG Work Group and then sent to FEMA Region VI/ DHS for review

To provide easy access to the information presented today, the State Office of Risk Management will post copies of the following on its website at: www.sorm.state.tx.us

- **Sample Continuity Exercise Objectives**
 - Discussion-based
 - Operations-based
